## KEY SKILLS

- Java (Intermediate)
- Python (Beginner)
- Javascript (Expert)

## PROFILE

Results-driven Senior Software Developer with 8+ years of experience designing, developing, and optimizing web and mobile applications. Skilled in Angular, React, Node.js, and PHP with a proven track record of delivering scalable, secure, and high-performance solutions. Adept at leading development teams, collaborating with cross-functional stakeholders, and mentoring junior engineers. Passionate about clean code, agile methodologies, and innovative problem-solving to drive business success.

## WORK EXPERIENCE

### Senior software engineer

Jan 2020 - Dec 2022

pykara
chennai

Led the end-to-end development of enterprise-level web applications using Angular 17, Node.js, and MySQL, ensuring high scalability and performance. Designed and implemented RESTful APIs and integrated them with front-end applications for seamless data flow. Migrated legacy Angular 7 codebase to Angular 17, optimizing performance and reducing bundle size by 35%. Collaborated with UI/UX teams to implement responsive, accessible, and user-friendly designs. Mentored and guided a team of 5 developers, conducting code reviews and promoting best practices in Agile/Scrum environments. Developed Dockerized applications for deployment in cloud environments like AWS and Azure. Improved CI/CD pipelines using Jenkins, reducing deployment time by 40%. Implemented unit and integration testing with Jasmine, Karma, and Jest to maintain high code quality. Worked closely with product managers and business analysts to translate requirements into technical specifications.

## EDUCATION

### B.e.CSE

Jun 2010 - Jun 2014

sams
Periyappalayam

GPA: 7.5
